

## MAY 6th CHOSEN FOR CLEAN-UP DAY

Town Council Holds Regular Session Last Monday

Residents of Bassano will be expected to have their premises cleaned up and all rubbish removed on or before Tuesday, May 6th. This date was chosen as clean-up day when the question came up for discussion by the town council in regular monthly session last Monday evening, April 7. Deputy Mayor W. B. Playfair, president in the absence of Mayor H. O. Bredin, who was in British Columbia.

The report of the town engineer for the month of March was accepted. He gave an account of the theatre fire, repairs made on water intake, a report of the C.P.R. meters being installed and found satisfactory, and other matters pertaining to town public works.

The council went on record as being in favor of assisting, if required, the International Association to the extent of a small donation.

The following accounts were read and passed for payment:

Pay roll for March	\$ 692.25
Union of Alta. Municipalities	10.00
Mother's Allowance	72.50
Telephone	16.70
Calgary Power Co.	24.45
Bassano School District	1000.00
Plumbers Bros.	11.00
M. A. MacLean	1.00
Currie & Milroy Ltd.	18.30
W. B. Playfair	1.73
A. T. Connolly	5.00
Metals Ltd.	111.15
Mrs. H. D. Bacon	50.50
W. S. Playfair	62.03

## Will Soon Grade Main Highway

Will Straighten Out Kinks East of Town and Eliminate Railway Crossings

Work will soon begin on the main highway from Bassano to Coquille, Duchesne, and Brooks. The provincial department of public works has awarded the contract for re-grading this road, and it is expected that within a short time free grading material will be in operation between here and Brooks.

A survey crew is now mapping out the work, and the new grade will be built in preparation for a surface of gravel to be laid within a year or two.

On the new grade the railway to cross just east of Bassano will be eliminated, and the road will be built directly east of the C.P.R. D.N.R. buildings, along the north side of the Bassano-Empress railway. The two railway crossings, one east of Coquille and one east of the road continuing along the north side of the railway.

## Countess

COUNTRESS, April 10.—Paul Lugnibuld recently came from Calgary, and has accepted a position with E. K. Heidt for the summer.

Shorty Pyshteger, of Gen. Wm. at Royal Burrows' home on Wednesday on business.

Mr. and Mrs. Cole, of Clemenceau, moved to Bassano the first of the week.

Mr. Honey and crew are doing some road work near Clemenceau.

Mrs. Dale Ferguson, Mrs. H. Ferguson, and Miss Mildred and Honny Ferguson were afternoon callers at Mrs. Royal Burrows on Wednesday last.

Mrs. Gamble and Mrs. Stuss were visitors at the Newman home on Sunday.

A number of the Countess ladies went to Bassano to call on Mrs. McKenna last week.

Evelyn Ferguson spent the weekend with the Gamble girls.

Mrs. Mack Ferguson was a visitor at the Gamble home on Friday.

Mr. and Mrs. A. M. Anderson were among the Countesses who attended Church at Bassano Sunday evening.

Mrs. Chas. McKenna and infant son came home from Bassano Hospital Tuesday.

Mr. McKenna, of the A. P. Grain Co., has accepted a position as elevator man at Spring Center, Alta.

They will move there the last of the month.

Mrs. Madeline M. Ferguson, of A. B. Stuss, and of A. M. Anderson spent afternoon with Mrs. E. K. Heidt on Wednesday.

## Hussar News

HUSSAR, April 9.—The Hussar Board of Trade met on Thursday evening to make plans for the stampede and carnival to be held here on May 23.

The following committees were appointed: publicity, H. D. Brown and T. A. Hawthorn; grounds, J. H. Marsh and R. L. McGregor; dance, E. J. Bell, C. T. Armstrong, and P. R. Reeves; gate, P. Farley; chairman, A. A. Cliffland; chairman, the carnival will be handled by the members of the Hussar Curling Club. This will be the eighth annual stampede and carnival in Hussar on May 24.

In addition to the organization of the stampede committee it was decided to allow the picture show the use of the hall on Fridays and Saturdays alternately. There have been no picture shows here since early last fall.

The Curling Club will give its second dance on the Monday after Easter.

April has proved itself a most disagreeable month so far. The dust storms have been terrible.

Several of the farmers north of town began work in the fields on Wednesday.

The W. I. Girls' Club had an unusually good meeting on Wednesday evening at the home of Lois Nelson. The members have been taking up Girl Guide work and were busy learning the salute, signs, and the use of knots. In the business session of the meeting it was decided to have a no more meetings after the May meeting (held after the departmental school examinations in June). The program hereafter will be put on by the patrols alternately.

Marjorie Reeves gave the following program: reading, Lois Nelson; songs, Katie Graham; jokes, Margaret LeGrand; songs, Margaret LeGrand; songs, Margaret LeGrand.

The fourth of the series of card parties in benefit of the W. I. was held at the home of Mrs. E. J. Bell, with Mrs. T. L. Montgomery and Mrs. T. Burdett assisting hostesses. Five hundred was played at six tables.

Mrs. A. A. Robinson was the first prize and Mrs. C. T. Armstrong the consolation. This is the last card party till after the rush of spring's work.

Mr. Rortved has rented his farm to H. H. Hoffer for a term of three years, and will return to the States to be with his wife and daughters.

Mr. and Mrs. W. G. Nelson and Mrs. Lois motored to Bassano on Thursday.

Mr. and Mrs. L. Snyder and son and Ben Snyder visited with Mr. and Mrs. H. H. Hoffer on Thursday.

Mr. and Mrs. Blaine Squires, who have just returned from Italy for several years, returned on Thursday to renew farming operations here.

Mrs. and Mrs. F. C. Farley were Bassano visitors on Thursday.

Miss Lottie Wendland arrived several days in Calgary this week.

Mr. and Mrs. Wm. Benn made a business trip to Calgary on Friday.

A. M. Mahoney and H. French were Bassano visitors on Saturday.

Messrs. Dick and Vermillion were in Bassano on Saturday.

Clarence Killagoss and Karl Kjos returned in Hussar on Saturday afternoon.

Mr. and Mrs. L. C. Coffey and daughters motored to Calgary on Monday evening.

Mr. and Mrs. A. Cliffland, Lila and June, and Rev. H. G. Gordon, motored to Calgary on Tuesday.

Mr. and Mrs. A. C. Wolfing and two little sons, in 1927, spent the week-end as guests of Mr. and Mrs. C. Resner. Mr. and Mrs. Jack Allen, of Bassano, were also their guests on Monday evening.

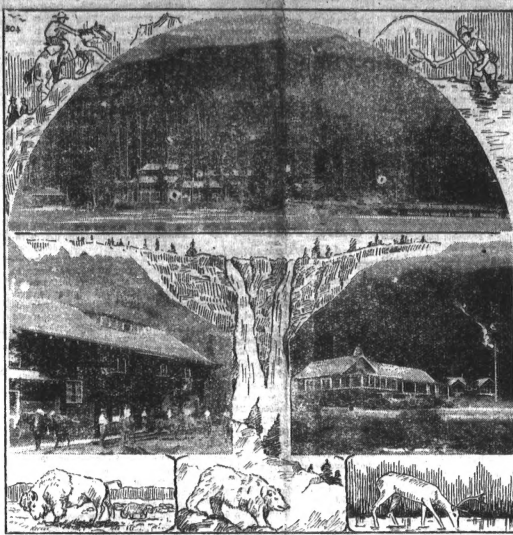

Mr. and Mrs. Ted Clark arrived here on Monday from Washington.

When the new Percheron Club was formed in Calgary last week, W. J. Hinchman, of Hussar, was elected first president and T. K. Larsen was made one of the directors.

At the annual horse show in Calgary the Percheron horses from Hussar were very successful. Anna Margie of Shady Lane, owned by W. D. Moffat, was champion Percheron female, and she was also awarded first place for foals in 1927. Chas. owned by O. Christensen, was awarded fourth place in the same class. Phil foaled in 1928: 2nd, Bonnie, of Shady Lane, owned by W. D. Moffat; 3rd, Dora, of Shady Lane, owned by W. D. Moffat; 4th, Dora, of Shady Lane, owned by W. D. Moffat; 5th, Dora, of Shady Lane, owned by W. D. Moffat; 6th, Dora, of Shady Lane, owned by W. D. Moffat.

DeValued, owned by O. Christensen.

## Bungalow Camping in Rockies

Spring is here, according to the calendar, though you may not otherwise have noticed it, and with the spring the thought of vacation begins to gather strength. In another month or six weeks the bungalow and the Rockies, famous for the world over for their beauty, will have opened again for the season. Outstanding among them are the Lake O'Hara Bungalow camp (lower left), just behind Lake Louise; Yoho camp (lower right), under the foot of the Tobaik Falls; and Emerald Lake camp (upper), by many considered to be the gem of the Rockies, although artists and others will often contend that Lake O'Hara is a close rival. Stays at these camps may be made in any of all three of these camps, which are not very far from each other and are easily accessible. As a by no means minor part of the lure of these camps there is the attraction of trail riding on trail horses, through mountain canyons over mountain passes through some of the most magnificent scenery in the world. You're in it are the famous Twin Falls near Yoho Camp.

## Possibilities of Sugar Production in Alberta

The formation of the Bow Valley Sugar Beet Growers Association and the activities of this organization have attracted widespread interest throughout this section of Alberta, and caused much speculation as to the possibilities of the beet sugar industry and what importance it would have in the agricultural development of the country. The following information is published for the benefit of those interested in the industry. The information was obtained from the office of the Alberta Trade Commission in Edmonton, and has been verified by persons well acquainted with the industry.

The annual consumption of sugar in Alberta is \$4,000,000 pounds. The total does not include sugar consumption in imported candies, biscuits, extracts, etc.

Alberta's sugar production in 1929 was 17,000,000 pounds.

Alberta's possible production in 1930 is estimated at 24,000,000 pounds.

It would require the operation of two additional factory units of the same size as the Raymond factory to produce the entire consumption of Alberta. This production would call for the efforts of eighteen hundred farmers on thirty thousand acres of irrigated land, with a production of eight tons to the acre.

There would be approximately four thousand workers concerned with the growing, hauling, harvesting and hauling of these beets. About one half of these people would be concerned with sugar or trucking operations, the other half with the hand labor of hoeing, topping, loading, etc.

There would be a force of about 10,000 head of dairy cows.

There would also be a production of 15,000 tons of beet molasses which fed at the rate of three pounds per day to dairy cows, would provide sufficient ration for the winter period to feed 45,000 head of dairy cows, or to fatten 20,000 head of calves, or 500,000 head of lambs or sheep.

There would also be a production of 15,000 tons of beet molasses which fed at the rate of three pounds per day to dairy cows, would provide sufficient ration for the winter period to feed 45,000 head of dairy cows, or to fatten 20,000 head of calves, or 500,000 head of lambs or sheep.

## Bassano to Have Large Modern Service Station

Work on Pierson's New Auto Service Station Now Under Way

Work is proceeding on Pierson's new automobile service station on the site formerly occupied by the Alberta Hotel, opposite the Imperial Hotel. The building will be completed and ready for use in about six weeks' time.

A. J. "Pimpie" Pierson, the proprietor, is erecting a substantial building of brick the construction, and measuring 28 by 45 feet. Three gasoline pumps will be placed in front of the building, the north end. The pumps will be ten feet inside the street walk, and motorists may drive between the pumps and the walk or between the buildings and the pumps.

A Ladies' Rest Room

The building will contain a show room in front measuring 15 feet by 20 feet; at the rear of this a vulcanizing room measuring 20 by 10 feet; a work shop measuring 20 feet by 25 feet in the rear end of the building; a battery room on the west side of the building, and also a ladies' rest room. This latter feature will fill a want that has long been evident in Bassano.

The building will have a full basement, and will be heated by a hot air furnace. The total cost will be approximately \$5,000.

Duchess News

DUCHESNE, April 10.—Mr. and Mrs. D. P. Halley spent Sunday in Brooks and took in the ball game between Brooks and Duchesne. The score resulted in a 5-1 win for Brooks.

Mrs. H. B. Ramer is ill in the Bassano Hospital.

Mrs. Kuch and children left for Calgary on Sunday, where they will make their future home.

H. T. Johnson, of Bassano, stopped in town Sunday on his way home from Jenner.

The Ladies' Aid of the United Church will hold a bazaar on Saturday afternoon, April 12. There will be a cafeteria supper at six o'clock, followed by a short program. Don't forget the date, and be there.

Mr. Kellar, of Medicine Hat, who has been visiting at the home of his daughter, Mrs. M. Root, returned home on Monday.

## Gem News

GEM, April 9.—Mr. and Mrs. Joey Gray with Mr. and Mrs. Clark Villet were business visitors to Calgary last Wednesday.

Miss Anne Sandahl, returned to Vauxhall on Tuesday last, after her holiday in Gen.

Mrs. Edna Robson, who has just undergone an operation for appendicitis, has returned from Calgary to her home in Gem to convalesce.

Willie Pollock returned home last Sunday for an extended holiday.

Mr. and Mrs. Leslie Douglas were Tuesday evening callers at Mr. Williamson's.

L. O. Berger and C. S. Douglas took the picture show to Makepeace last Friday night.

Mr. and Mrs. Grivie were Sunday evening callers at the home of Mr. and Mrs. E. Small.

Mrs. M. Horne and children have returned to the Colony.

Miss Irene Peo and cousin were Sunday afternoon callers on Mrs. Barber.

Mr. and Mrs. Leslie Douglas spent the evening at Mr. and Mrs. Hamble's on Sunday last.

George Kins is back in the Colony with the C. P. R. camp again this spring.

It looks like spring now. The farmers are all busy on the land with tractors.

Jack Wallace, with three men and two trucks are busy unloading five carloads of posts for Mr. Nelson, who has taken up a large lease north of the Colony. They expect to bring in a thousand sheep in a few days.

There will be a picture show in Gem school Saturday, April 12. The picture will be "Billie Barker."

Don't forget the big Easter Monday dance April 13, in Gem school in aid of the school fair. Everybody come and have a good time.

"Penny Four" will supply the music for these were held in Gem school by Rev. Ramer, of Duchesne, on Sunday last. He will be back in two weeks' time.

Mr. and Mrs. C. Villet left for their home in Vauxhall on Sunday, after spending a few days visiting friends in the Colony.

Mr. J. Smith, who has been in the Colony the past few weeks returned to his home in Medicine Hat.

On Saturday last, April 5, the Gem Comedy Co., of Red Deer presented a splendid comedy called "Safety First," in the Gem school. The cast consisted of ten people, and they gave a most entertaining show to the audience.

Card Party and Dance Will Feature Easter Monday

Anglican Vestry Plan Holiday Program

The vestry of the Anglican Church will hold a card party and dance on Easter Monday, April 21. The affair is to be given in the Masonic Community Hall, and preparations are being made to give the public a fine evening of entertainment on the holiday.

Special music has been engaged for the dance, and everybody is assured of a good time.

Book Agent Passes Worthless Cheques

Pay Hotel Bill in Bassano With Cheques of No Value

J. M. Mackay, Calgary book agent, was apprehended in Lethbridge last Monday on a charge of having offered worthless cheques for \$5.00 and \$25.00, dated Feb. 21, and drawn on the Royal Bank, Calgary branch. The cheques were cashed by the Imperial Hotel, Bassano, in payment of room charges.

The accused pleaded guilty to the charge. He was taken to Calgary, and will receive sentence today, Thursday.

Golfers Will Meet

The members of the Bassano Golf Club will hold their annual meeting in the office of Robt. McLean on Friday evening this week, April 11, at 8 o'clock.

All members of the club are requested to attend, and also anyone else interested in the game. Plans will be made for the coming season's play.

Mr. and Mrs. O. Swanson, of Coquille, visited Mr. and Mrs. J. Swanson Sunday.

Mr. and Mrs. P. A. Gellings, Mrs. Roy Johnston and Lorraine, were at Bassano Sunday with P. A. Gellings.

Mr. and Mrs. Brown enjoyed the company Sunday of Mr. and Mrs. McNeill and Mr. and Mrs. Jack Dunlop.

Mr. and Mrs. J. Young and family, and Roy Johnston and family spent Sunday with Mr. and Mrs. Reggie.

A number of Rosemaryettes motored to Bassano today to attend the play, "Safety First."

Mrs. J. Hall was a Monday afternoon caller at the home of Mrs. Ed. Simmons.

Miss Faye Robinson and Miss Lorraine Johnston spent the week-end near Chinook.

James Adams is very sick with pneumonia at the present time.

Billy Boyce and family, of Bassano, also Harry Andrus and family, spent Sunday with P. A. Gellings.

Mr. Diet, one of the new settlers, met with a painful accident Monday. His team took fright and ran away, throwing Mr. Diet out of the wagon. He suffered several broken ribs.

Mr. and Mrs. O. Swanson, of Coquille, visited Mr. and Mrs. J. Swanson Sunday.

Mr. and Mrs. P. A. Gellings, Mrs. Roy Johnston and Lorraine, were at Bassano Sunday with P. A. Gellings.

Mr. and Mrs. Brown enjoyed the company Sunday of Mr. and Mrs. McNeill and Mr. and Mrs. Jack Dunlop.

Mr. and Mrs. J. Young and family, and Roy Johnston and family spent Sunday with Mr. and Mrs. Reggie.

Mr. and Mrs. Brown enjoyed the company Sunday of Mr. and Mrs. McNeill and Mr. and Mrs. Jack Dunlop.

## VARIOUS PROBLEMS DISCUSSED BY BOARD OF TRADE

Tree Planting, Cemetery Improvements, and Swimming Pool Receive Attention

A number of important problems were brought up for discussion at the Board of Trade luncheon in the Imperial Hotel Wednesday noon, April 10, when twenty-four members gathered for the regular session of the board. President C. H. McMillan occupied the chair.

The sum of \$100 was voted for the swimming pool committee following a motion by Mr. Geo. Haworth, the committee chairman. This money is to be spent on completing the brick bath and making other improvements.

E. A. Beck, in reporting for the tree planting committee, said 1600 trees could be procured from the C.P.R. D.N.R. at Brooks, and possibly more if they had a plentiful supply. It said a windbreak of trees was to be planted on the north side of town and replanting done on the streets where trees had died. He advised the members that the tree planting committee planned an organized effort, to put in these new trees, and asked for the co-operation of every member for this work.

H. A. Holmes reported for the park site committee, stating that a representative of the C. P. R. had been in town and had shown the location of a new block of land for a park. Mr. Holmes said the committee was not in favor of a lease, and would only buy a park on land to which they could obtain clear title. Further investigations are proceeding.

Rev. P. C. McCrae reported for the cemetery committee. He advised that the 22 trees planted at the cemetery last year had to be replaced. The committee planned to further improve the cemetery by moving the grave to a more convenient location, and by planting overgrown trees.

Wm. McLaws reported progress being made with the sugar beet campaign. A. J. Smith reported progress being made with the advertising scheme.

The proposed change in the air mail route from Medicine Hat to Lethbridge instead of Medicine Hat to Calgary came in for some discussion. The board is interested in this, having spent \$150 on the air plane landing held here. As no definite information could be procured concerning the plans of the air mail, it was decided to let the matter rest for the present.

The Intermediate Athletic Association is planning for a contribution to assist in promoting sport among the young men of town. While expressing a favorable disposition, it was not felt that it was not advisable to give a donation at present in view of the small sum of money in the treasury.

The president reported the board now had a membership of sixty-five.

Rosemary News

ROSEMARY, April 10.—Stachel and family, J. L. Young and family, and Roy Johnston and family spent Sunday with Mr. and Mrs. Reggie.

A number of Rosemaryettes motored to Bassano today to attend the play, "Safety First."

New Brunswick has an estimated population of 419,000, according to the twelfth annual report of the chief medical officer of the provincial department of health issued in the Legislature recently. An interesting detail of the report was the statement that during the past year more than 1,000,000 persons had been permanently immunized against diphtheria.

Burst sign of spring in Eastern Canada is the running of the sap in the maple trees. This annual harvest is now on and last year the total value of maple sugar and maple syrup produced in Canada was \$1,100,000. This money accrues mostly to farmers and the province of Quebec is the leader of the industry in Canada.

Ten years ago capital investment in electric power in Canada was about \$400,000,000. Today it is over a billion dollars and total power available from present installations is nearly 1,000,000 h.p. This is about one-fifth of possible development.

## Bid Farewell to Your POWER GRIEFS

ASK THE  
MAN WHO  
OWNS ONE

Hook up a CATERPILLAR Tractor to your plows, discs, drills, or any machine, and know what real farming power is. Power to haul heavier and larger equipment; power to work deeper; and to do that work steadily and cheaper than any other power you have used before. You have no power problem that a CATERPILLAR won't solve—no power troubles that a CATERPILLAR won't eliminate.

THE BASSANO MAIL  
Published Every Thursday  
Wallace J. Smith  
Editor and Publisher  
Subscription—\$2.00 a year in Canada  
\$2.50 to the United States

This is the season of the year when the master of the house throws away those plans for a wonderful garden, and gets his war clubs down from the attic for the battle on the links.

Now, we wonder if Ghond wants to put some of that salt on the lion's tail.

It is said that jazz was born in Egypt three thousand years ago. Another of the Egyptian plagues was locusts.

"The Silent Women of America" is the name of a new national organization in the United States. In spite of the name the members, who probably live up to the reputation of their sex.

An inquiring reporter asks, "What kind a husband does a wife miss the most?" The little fellows are the most difficult targets.

An explainer declares that Commonwealth Bay, Antarctica, is the windiest place in the world. He probably never visited the Senate chamber in Ottawa.

### SPLENDID START MADE

The farmers of the C. P. R. Eastern Irrigation Block have accomplished a wonderful work in the organization of the Bow Valley Sugar Beet Growers' Association. What was merely a vague and detached idea some months ago has been developed into something tangible, definite and practicable. In the birth of the association an organization has been formed that may bring about an increase in the production of the irrigation block, and the resulting benefit of a more stabilized income which should follow this system of farming.

The creation of the Bow Valley Sugar Beet Growers' Association is due almost entirely to the resourcefulness and initiative of the farmers themselves. We congratulate them on the splendid work they have accomplished.

They have an organization whose members are prepared to adjust their farming methods so as to obtain the best results under local technical and economic conditions. These members have promised to grow a sufficient quantity of beets to supply a sugar refinery. They have amalgamated their forces and laid a foundation on which a beet sugar industry may be built. And having prepared this foundation they are now making an effort to get the beet sugar industry in operation by enlisting the support of a sugar refining company and persuading them to build a refinery.

The efforts of these farmers deserve success.

### THE OUTLOOK

While seeding operations for Alberta's 1936 wheat crop are proceeding at a rapid pace the world's wheat situation is still very unsettled, and there is much speculation as to what the price of wheat will be next fall. Economists are not hopeful of any great increase in price unless there is a short crop in every major wheat producing country. Another factor which may have an important bearing on the price of the 1936 crop is the amount of Russia into the wheat exporting business. The Russian government has under way a huge state farm scheme to raise wheat for export. If the scheme is successful Russia may have an important influence on the market.

In spite of the none too bright outlook for the wheat market, farmers on non-irrigable land in the Bassano and neighboring districts are going ahead and seeding their usual acreage to wheat. There is, in fact, a slight increase in wheat acreage over that of last year.

And the immediate concern of the farmers here is local crop conditions and prospects rather than the outlook for the 1936 market. Only a very light rainfall has fallen this spring and there has been no moisture for the past two weeks. The soil is dry, but nevertheless, the wheat crop of the wheat crop is being sown, contains some moisture at a depth of several inches. Although a good heavy rain would lend a more cheerful tone to crop prospects, the wheat grower has nothing to worry about this early in the season. It is im-

### SABBATH MORNING

(by Wilfred J. Funk)  
I hear the minister intone  
The oracles of God,  
And tell of idols graven in stone  
And paths the pagans trod;

I hear a sweet bird in a tree  
Under a patch of sky—  
I wonder which will soothe me  
When I am come to die.  
**TWO SIDES OF WAR**  
(by Grantland Rice)  
All wars are planned by old men  
In council rooms apart,  
Who plan for great armament  
And map the battle chart.

Out along the shattered fields  
Where golden dreams are grey,  
How very young their faces meet  
Where all the dead men lay.  
Grey haired and solemn in their pride,  
The elders cast their vote  
For this or that or something else,  
That sounds the warlike note.

But their slightest eyes stare out  
Beyond life's vanished joys,  
I've noticed nearly all the dead  
Were hardly more than boys.

### On the Air Again

Three-year-old Nancy's father had just installed a new radio. Nancy listened with rapt attention to everything music, speeches, and station announcements.  
That night she knelt to say her "Now I lay me," At the end she paused a moment, and then said: "Tomorrow night at this time there will be another prayer."

### Love's Legacy

"Hey!" cried Bataan to the new arrival, "you act as if you owned this dump."

"I do. My wife gave it to me."

### Can't Help Being Sassy

"How's Abel Sam getting on with that school teacher he's calling on now?"  
"Well, every time he goes to see her she keeps him an hour longer for being naughty."

possible to fortify what rainfall we shall get this summer, and he is a rash man who would attempt to do so. Early spring weather conditions appear to have no relation to those that follow later in the season. It just rains when rain comes, and is dry when rain falls.  
In recalling the history of this district it is interesting to note that the early spring of 1915 was as dry as this spring, but was followed by one of the rainiest seasons ever experienced here.

### TENDERS FOR COAL

SEALED TENDERS addressed to the Purchasing Agent, Department of Public Works, Ottawa, will be received at his office until 12 o'clock noon, Wednesday, April 23, 1920, for the supply of coal for the Dominion Buildings and Experimental Farms and Stations, throughout the provinces of Manitoba, Saskatchewan, Alberta, and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from G. W. Dawson, Chief Purchasing Agent, Department of Public Works, Ottawa; H. E. Matthews, District Resident Architect, Winnipeg, Man.; G. J. Stephenson, District Resident Architect, Regina, Sask.; Chas. Bellone, District Resident Architect, Calgary, Alta.; and J. G. Brown, District Resident Architect, Victoria, B. C.

Tenders will not be considered unless made on the above mentioned forms. The right to demand from the successful tenderer a deposit, not exceeding 10 per cent of the amount of the tender, to secure the proper fulfillment of the contract, is reserved.

By order,  
N. DESJARDINS,  
Secretary  
Department of Public Works,  
Ottawa, March 28, 1920.

29-40-c

#### REMODELING THE FARM HOME

Experimental Farm Station.  
Every unimproved or unplanted home in Canada can be made more attractive and more valuable by the planting of trees, shrubs, vines, and flowers, and a well kept lawn. The cost of the nursery stock required is one of the most profitable investments a farmer can possibly make because such improvements will actually increase the money value of the place by many times the amount spent in a simple plan of home planting. It will make it more valuable as a home and it will certainly command a better price if put up for sale. It is surprising how a few improvements will turn a mere home into a real home. In addition to its increased monetary value, the attractive farm home gives a long way in holding the family together, in keeping the young people on the

farm. They will leave their home and be proud to bring in their friends.

Some say that it costs too much to do it takes too much time to care for flowers and shrubs. It is, however, more a matter of disposition than of time or money. The farmer who is disposed to have flowers and attractive home surroundings will have them, no matter how busy he is. Canadian farmers should be more than just farmers; they should be home-makers in the country.

#### NEW LUBING SYSTEM

ON DURANT 6-14

Motors are redolent more fully than ever that proper lubrication is vital to the life of their cars, and in buying new automobiles they display a greater knowledge of the various things which come new in the world. The method for lubricating the

engine of the new Durant "6-14" is generally recognized for its efficiency and economy. A powerful gear-type, gear driven oil pump draws a continuous supply of oil from the large oil reservoir in the base of the engine and forces it through passages in the solid metal of the engine to each of the main bearing and connecting rod bearings, camshaft bearings, and to the front end chain. This pressure is maintained at the proper amount during any engine speed by an automatic control valve.

The isometric feature of the alloy pistons controls expansion and contraction, thus ensuring a constant clearance between the piston and cylinder walls.

One of the four piston rings on each piston is an oil control ring which prevents an over supply of oil from getting into the combustion chamber.

## Analyze the Allowance On Your Used Car

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price.

Permanent value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

If a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

It is good for you to have a true picture of the used car situation and its secondary importance in the purchase of an automobile.

You may not get the largest used car allowance from the Ford dealer, yet you gain in the long run. You save far more than the seeming difference in trade allowance because of the lower first cost of the Ford, the low charges for selling, financing and accessories, and the lower cost of operation, service and replacement parts. The profits of the Ford dealer are not marked up or increased to cover a high allowance on a used car.

Furthermore, at least \$75 extra value is given to you in the new Ford in the Triplex shutter-proof glass windshield, Rustless Steel, five steel-spoke wheels, and four Hondaite double-acting hydraulic shock absorbers. The large number of ball and roller bearings, and the extensive use of the steel forgings instead of castings or stampings are other features that show the extra quality built into the Ford car.

## McCORMICK - DEERING Power Lift Grain Drills Every Seed at Uniform Depth when the McCORMICK-DEERING grain drill is used

Built for Horse or  
Tractor use.  
Every kernel placed just  
where it should be.  
Uniform seeding means  
uniform sprouting and  
better yields.

This big drill has made a wonderful name for itself in Western Canada. Its strong, well balanced construction, together with the famous front seed delivery double disc boots, has made it the favorite with grain growers in every Western province. Farmers have found that front seed delivery is much more than a mere "marketing point". When the soil is dry, and seeding conditions unfavorable, the front seed delivery boots will increase the yield from two to five bushels per acre. Farmers who have kept careful records have testified to these facts. Front seed delivery means that every seed reaches the bottom of the furrow where it can be covered evenly. There are no half-covered kernels, and no seed wasted on the top of the ground or among the coarse top-soil surface clods. The seeds drop in front of the disc bearing, and go right to the bottom of the furrow opened by the discs.

### Local News

Mrs. E. Hilda is a patient in the Bassano Hospital.

Mrs. R. Fraser, of Chancellors, is a patient in the Bassano Hospital.

A convention of Imperial Oil Ltd. agents will be held in Bassano next Tuesday, April 15. About twenty-five delegates are expected from towns and villages in Bassano territory. A number of company officials from Calgary will be present.

### Educationists Will Meet in Calgary

The twentieth annual convention of the Alberta Educational Association which meets in Calgary Easter week, April 22, 23, and 24, offers the teachers and other interested in education an opportunity to hear an educationist of outstanding ability and reputation in Dr. Royd E. Bode, of Ohio State University, whose life work is the training of teachers.

Dr. R. C. Wallace, president of the University of Alberta, will be heard for the first time by Alberta teachers, and the executive has arranged a discussion for Thursday morning by outstanding educationists on the validity of our educational objectives.

The Excelsior Glee Club will furnish a treat on Wednesday evening for the lovers of song.

### "Beau Brummels" Have Season Too

The well-dressed man must now buy his Easter finery in the Fashion Week. He, like military and the folks who buy new motor cars, is now told what particular week the newest styles and color designs in masculine apparel will be shown.

In order to appeal to the Easter parade correctly attired, he is advised by the furnisher to view their special display during "Men's Wear Week," which this year will be the week of April 14 to 20.

It seems by mutual consent the retailers of men's finery throughout Canada have established this week to their own which to top "Beau Brummel" so that he will hold his proper place among the bedecked fair set on Easter Sunday.

### Bassano People Hear Bishop Sherman

Bishop Sherman, of Calgary, well known as one of the most able preachers in the city, preached to a large congregation in the local Anglican Church last Sunday evening, April 6. The bishop preached a splendid Lenten sermon. He also preached at Brooks in the morning.

### Tennis Players Are Ready for Game

The courts of the Bassano Tennis Club are about ready for use, and already some of the younger players have been wielding their rackets. Joe Rathbone has been engaged as caretaker for the season, and he is now working on the courts. The ground is fairly dry now, but still a little rough, and will require considerable work before it is put in first class condition, but the wood court as it stands now is fit for play. The tapes and one net are being repaired, and if weather conditions permit tennis should be in full swing within a week.

#### Sweet Forbearance

Sambo: "Look heah, woman, you know you'all done marry me jus' for mah 'gav'ment' insurance."  
Lila: "Ah knows dat, honey, but ain't I been willin' to let you die a natural death?"

Policeman: "How did the accident happen?"

Motorist: "He-I saw two bridges -hic-and can over the wrong one."

Economics Teacher: "Name some products in which the supply exceeds the demand."  
Student: "Trouble."

### KNOX PRESBYTERIAN CHURCH

Rev. P. C. McCrae, minister  
Sunday, April 13, 1930

11:00 a.m.—Sunday School; all children invited to attend.

7:30 p.m.—Evening Worship; subject, "The Glory of the Cross." Solo, "The Old Rugged Cross."

Everybody Welcome
